<u>Registered to Vote</u>	Total
Yes	100%

1. Thinking about the economy, I want to read you two opinions about jobs in America and see which comes CLOSER to your own... (RESPONSES ROTATED)

61%	Some people say we need to continue free trade policies between the United States and Canada because they will help create more demand in Canada for U.S. products and services, which will create more jobs in the U.S.
31%	Other people say we need to implement more policies that restrict free trade between the United States and Canada and focus on protecting the American economy and jobs from Canadian imports that benefit Canada's economy but take jobs from the U.S.
7%	Don't Know
1%	Refused

2. As you may know, President Obama will be meeting with the President of Mexico and the Prime Minister of Canada. One of the issues they will discuss is how to address the issue of climate change. I would now like to read you two opinions about this issue and see which comes CLOSER to you own... (RESPONSES ROTATED)

65%	Some people say the United States, Canada and Mexico should all work together on a joint plan to address climate change.
26%	Other people say the United States, Canada and Mexico should each develop and pursue their own plans to address climate change.
6%	Don't Know
3%	Refused
